THE LOVESAC COMPANY REPORTS SECOND QUARTER FISCAL 2024 FINANCIAL RESULTS

Net Sales Growth of 4.0% Omni-channel Comparable Sales Growth of 7.2%

STAMFORD, Conn., November 3, 2023 (GLOBE NEWSWIRE) -- The Lovesac Company (Nasdaq: LOVE) ("Lovesac" or the "Company"), sustainable home furnishing brand best known for its Sactionals, The World's Most Adaptable Couch, today announced financial results for the second quarter of fiscal 2024, which ended July 30, 2023.

Shawn Nelson, Chief Executive Officer, stated, "We are very pleased with our second quarter performance, which affirms the resilience of our brand and disruptive business model that has consistently delivered category outperformance and extraordinary customer love and loyalty. The quarterly highlights include 4% total net sales growth, impressively lapping 45.0% net sales growth in the year ago period. Operational highlights included the launch of our new Angled Side product – a strategic expansion of our Sactionals portfolio that has been very well received – and successful growth of our physical and e-commerce footprint to deliver a seamless, omnichannel customer experience."

Mr. Nelson continued, "Looking ahead, we expect consumer spending in our category to remain challenged. To that end, we will prudently control expenses with a focus on efficiency balanced against proactive investments in new products to drive consumer demand and further expand our market leadership. Coupled with our healthy balance sheet, we are positioned well to optimize the opportunity ahead of us."

Ending Showroom Count	223	174	223	174					

² Total comparable sales include showroom transactions through the point of sale and internet net sales.

Highlights for the Quarter Ended July 30, 2023:

- Net sales increased 4.0% in the second quarter primarily driven by growth within our Showroom and Internet channels. Showroom net sales, which include kiosks and mobile concierges, increased 6.3%. Internet net sales increased 16.6%, and our "Other" channel which principally includes pop-up-shops and shop-in-shops decreased 27.7%. The increase in showroom net sales was driven by an increase of 2.7% in comparable showroom sales related to higher point of sale transactions with higher promotional discounting, the addition of 54 new showrooms and 5 less kiosks compared to the prior year period, and marketing campaigns. The internet net sales increase was driven by the same strong promotion campaigns. The Company also opened three additional Best Buy shop-in-shop locations compared to the prior year period.
- Gross profit increased \$13.3 million, or 16.8%, to \$92.4 million in the second quarter of fiscal 2024 from \$79.1 million in the second quarter of fiscal 2023. Gross margin increased 650 basis points to 59.8% of net sales in the second quarter of fiscal 2024 from 53.3% of net sales in the prior year period primarily driven by a decrease of approximately 720 basis points in total distribution and related tariff expense, partially offset by a decrease of 70 basis points in product margin driven by higher promotional discounting. The decrease in total distribution and related tariff expenses over prior year is principally related to the positive impact of the 880 basis points decrease in inbound transportation costs partially offset by 160 basis points in higher outbound transportation and warehousing costs.
- SG&A expense as a percent of net sales increased by 840 basis points due to investments in payroll, selling related expenses, infrastructure, and professional fees.
- Advertising and marketing expense increased 39% due to continued investments in marketing spend to support our net sales growth including our 25th anniversary brand campaign. As a percent of net sales, advertising and marketing increased by 430 basis points.
- Operating loss was \$1.0 million in the second quarter of fiscal 2024 compared to operating income of \$8.1 million in the second quarter of fiscal 2023. Operating margin was (0.6)% of net sales in the second quarter of fiscal 2024 compared to 5.5% of net sales in the second quarter of fiscal 2023.

³ Comparable showroom sales reflect transactions through the point of sale and not necessarily product that has shipped to the customer. Product that has shipped to the customer is included in Net Sales.

• Net loss was \$0.6 million in the second quarter of fiscal 2024 or \$(0.04) net loss per diluted share compared to net income of \$5.8 million or \$0.37 net income per diluted share in the second quarter of fiscal 2023. During the second quarter of fiscal 2024, the Company recorded an income tax benefit of less than \$0.1 million, compared to income tax expense of \$2.3 million for the second quarter of fiscal 2023. The change in provision is primarily driven by the Company generating net loss before taxes of \$0.6 million and net income before taxes of \$8.1 million in the second quarter of fiscal 2024 and fiscal 2023, respectively.

Highlights for the First Half Ended July 30, 2023:

- Net sales increased 6.4% primarily driven by growth within our Showroom and Internet channels. Showroom net sales, which include kiosks and mobile concierges, increased 4.7%. Internet net sales increased 22.3%, and our "Other" channel which principally includes pop-up-shops and shop-in-shops, decreased 13.8%. The increase in showroom net sales was driven by an increase of 5.3% in comparable showroom sales related to higher point of sale transactions with higher promotional discounting, the addition of 54 new showrooms and 5 less kiosk compared to the prior year period, and strong marketing campaigns. The internet net sales increase was driven by the same strong promotion campaigns. The Company also opened three additional Best Buy shop-in-shop locations compared to the prior year period.
- Gross profit increased \$17.9 million, or 12.3%, to \$163.0 million in the first half of fiscal 2024 from \$145.1 million in the first half of fiscal 2023. Gross margin increased 290 basis points to 55.1% of net sales in the first half of fiscal 2024 from 52.2% of net sales in the prior year period driven primarily by a decrease of approximately 380 basis points in total distribution and related tariff expenses partially offset by a decrease of 90 basis points in product margin driven by higher promotional discounting. The decrease in total distribution and related tariff expenses over the prior year is principally related to the positive impact of the 540 basis points decrease in inbound transportation costs partially offset by 160 basis points in higher outbound transportation and warehousing costs.
- SG&A expense as a percent of net sales increased by 700 basis points due to investments in payroll, selling related expenses, infrastructure, and professional fees.
- Advertising and marketing expense increased 24.2% due to continued investments in marketing spend to support our net sales growth. As a percent of net sales, advertising and marketing increased by 210 basis points.
- Operating loss was \$6.7 million in the first half of fiscal 2024 compared to operating income of \$10.6 million in the first half of fiscal 2023. Operating margin was (2.3)% of net sales in the first half of fiscal 2024 compared to 3.8% of net sales in the first half of fiscal 2023.
- Net loss was \$4.8 million in the first half of fiscal 2024 or \$(0.31) net loss per diluted share compared to a net income of \$7.6 million or \$0.48 net income per diluted share in the first half of fiscal 2023. During the first half of fiscal 2024, the Company recorded an income tax benefit of \$1.3 million, compared to income tax expense of \$2.9 million for the first half of fiscal 2023. The change in provision is primarily driven by the Company generating net loss before taxes of \$6.0 million and net income before taxes of \$10.6 million in the first half of fiscal 2024 and fiscal 2023, respectively.

Other Financial Highlights as of July 30, 2023:

- The cash and cash equivalents balance as of July 30, 2023 was \$54.7 million as compared to \$17.7 million as of July 31, 2022. There was no balance on the Company's line of credit as of July 30, 2023 and July 31, 2022. The Company's availability under the line of credit was \$36.0 million as of July 30, 2023 and July 31, 2022. As previously announced, on March 24, 2023, we amended our existing credit agreement with Wells Fargo Bank, N.A. to extend the maturity date to September 30, 2024. All other terms of the credit agreement remain unchanged.
- Total merchandise inventory was \$105.0 million as of July 30, 2023 as compared to \$145.7 million as of July 31, 2022 principally related to a planned stock inventory decrease of \$2.0 million coupled with a decrease in freight capitalization of \$39.3 million related to the decrease in inbound freight expense.

⁴ Adjusted EBITDA is a non-GAAP measure. See "Non-GAAP Information" and "Reconciliation of Non-GAAP Financial Measures" included in this press release.

About The Lovesac Company:

Based in Stamford, Connecticut, The Lovesac Company is a technology driven company that designs, manufactures and sells unique, high quality furniture derived through its proprietary Designed for Life approach which results in products that are built to last a lifetime and designed to evolve as our customers' lives do. Our current product offering is comprised of modular couches called Sactionals, premium foam beanbag chairs called Sacs, and their associated home decor accessories. Innovation is at the center of our design philosophy with all of our core products protected by a robust portfolio of utility patents. We market and sell our products primarily online directly at www.lovesac.com, supported by direct-to-consumer touch-feel points in the form of our own showrooms as well as through shop-in-shops and pop-up-shops with third party retailers. LOVESAC, SACTIONALS, SAC, DESIGNED FOR LIFE, and THE WORLD'S MOST ADAPTABLE COUCH are trademarks of The Lovesac Company and are Registered in U.S. Patent and Trademark Office.

Non-GAAP Information:

Adjusted EBITDA is defined as a non-GAAP financial measure by the Securities and Exchange Commission (the "SEC") that is a supplemental measure of financial performance not required by, or presented in accordance with, GAAP. We define "Adjusted EBITDA" as earnings before interest, taxes, depreciation and amortization, adjusted for the impact of certain non-cash and other items that we do not consider in our evaluation of ongoing operating performance. These items include management fees, equity-based compensation expense, write-offs of property and equipment, deferred rent, financing expenses and certain other charges and gains that we do not believe reflect our underlying business performance. We have reconciled this non-GAAP financial measure with the most directly comparable GAAP financial measure within the schedules attached hereto. Statements regarding our expectations as to fiscal 2024 Adjusted EBITDA do not include certain charges and costs. We define "Adjusted EBITDA" as EBITDA adjusted for the impact of certain non-cash and other items that we do not consider in our evaluation of ongoing operating performance. These items include equity-based compensation expense and certain other charges and gains that we do not believe reflect our underlying business performance. We are not able to provide a reconciliation of our non-GAAP financial guidance to the corresponding GAAP measures without unreasonable effort because of the uncertainty and variability of the nature and amount of these future charges and costs. This is due to the inherent difficulty of forecasting the timing of certain events that have not yet occurred and are out of the Company's control.

We believe that these non-GAAP financial measures not only provide its management with comparable financial data for internal financial analysis but also provide meaningful supplemental information to investors. Specifically, these non-GAAP financial measures allow investors to better understand the performance of our business, facilitate a more meaningful comparison of our actual results on a period-over-period basis and provide for a more complete understanding of factors and trends affecting our business. We have provided this information as a means to evaluate the results of our ongoing operations alongside GAAP measures such as gross profit, operating income (loss) and net income (loss). Other companies in our industry may calculate these items differently than we do. These non-GAAP measures should not be considered as a substitute for the most directly comparable financial measures prepared in accordance with GAAP, such as net income (loss) or net income (loss) per share as a measure of financial performance, cash flows from operating activities as a measure of liquidity, or any other performance measure derived in accordance with GAAP. Non-GAAP financial measures have limitations as analytical tools, and investors should not consider them in isolation or as a substitute for analysis of the Company's results as reported under GAAP.

Cautionary Statement Concerning Forward-Looking Statements
